“ When Paton speaks, it’s like a “quiet storm.” What I mean is that he is deeply thoughtful, meticulous, and calm in his delivery, but his messages and insights are powerful and booming. The passion he has for what he does and what he teaches is obvious. He spoke at a past Annual Meeting and we received more positive feedback about his address to our employees than anyone previously. He really made people think about their roles and accountabilities within our organization. ”

Jim Redpath, Partner – Redpath and Company

“ I believe EOS was a turning point in our 15-year entrepreneurial journey. Through the tools, we learned vision was important but accountability to our vision would help us achieve our goals. Less became more, a common vocabulary developed, and people began having more fun at work! With EOS, I found the focus we needed. ”

Matt Meents, CEO & Co-founder – Magnet 360

“ How were two guys with no prior business or corporate experience going to grow their business by a factor of 10x? Long story short, Paton was there every step of the way. Every 90 days he guided us, pushed and prodded us to greater heights. He kept us accountable to the EOS system over the next 4 years and sure enough, right as rain, we hit our goal on December 31st of 2015. Ryan and I will always be indebted to Paton for his passion for EOS and most of all his open and honest nature. ”

Andrew Duneman, Integrator – Bulk Reef Supply

“ Paton’s unique ability to facilitate open and honest communication liberates our management team to be 100% on the same page, set SMART rocks and solve real issues holding us back from our full potential. In a nutshell, “cut the crap, get real and get ‘er done!” ”

David Reiling, CEO – Sunrise Banks
